

Circular No.103/2021-22

9th November 2021

Dear Parent,

Greetings from AVN Vida International School!

On behalf of AVN Vida International School, I would like to express our sincerest appreciation to our parents, guardians, teachers and students for your incredible patience and flexibility throughout the year.

We understand the enormous responsibility and challenges faced by our parents, guardians, teachers and students, as we have to create time, space, routine, and support for learning at home.

We are so thankful to the parents for helping our student to complete their writing work, projects, participating in the competitions, presenting PPT and videos as a part of the academics during remote learning.

We honor all of you and your acts of generosity and kindness, patience and resilience, and the fortitude and determination you have shared with us.

As informed already, we are going with both online and offline classes. We have tried our best to bring everything back to the physical learning. As a part of Physical learning, we would like to put forth few points to your kind notice.

As you are aware that, it's very difficult to do the changes frequently by adding the new students to the physical classes which will frequently affect the academic flow. It's difficult to keep on changing the timetable, shuffling of students etc., Hope you will understand and support us in this regard. We would like to inform you that further no new students will be added to the physical classes. The final list of physical schooling students will be shared shortly.

The final list of students will be adhered till December. Based upon the request and the situation changes may be done in the month of January.

School transport will be provided only for the students who have opted during the month of October. Further no transport request will be accepted. Transport can be provided in case if there is a possibility to add the student without any change in the current routing. Hope you will understand that rerouting every day is not possible.

Students those who are attending the school physically should come in neat-ironed dress with proper shoes. Jeans is compulsory, leggings are strictly not allowed. A humble request to the parent to make sure when the child is coming to school, he/she needs to be dressed up smartly and groomed in a respectful and appropriate manner.
