

## Scholastic and co-scholastic report for the month of April 2022

S. No	Grade	Page No
1	Pre-Primary	1-3
2	Grade II	4-5
3	Grade IV	6
4	Grade V	7
5	Grade VI	8
6	Grade IX	9
7	General Event	10-11

### Preprimary

#### Sorting

#### Grade: PP II

#### Sorting:

Activities that involve sorting and classifying are great for building language and semantic knowledge. Kids learnt to name the animals, colours and numbers identify their attribute place them into categories.

Early experiences in sorting things into groups and events help young learners to better observe how things are alike and different.

**Learning by doing...**

**Grade: PP II**

---

**Greater than less than: Greater than and less than symbols are used to show the relationship between two numbers. They show us which has a higher value and are used to help children get to grips with numbers and their values.**

**Learning by doing...**

**Grade: Preprimary**

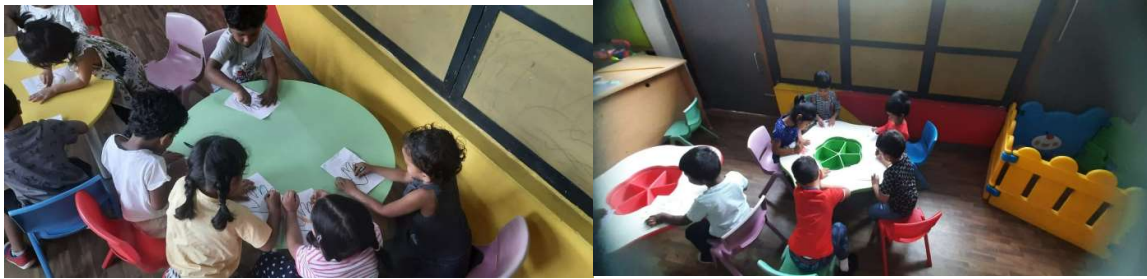

---

### **Colouring Competition:**

Colouring has an important place in child development and can easily be incorporated into a child's day. It provides an opportunity to practice and develop many skills such as concentration, fine motor and coordination for early writing skills and correct finger grip. It also gives the experience of creativity, colour awareness and developing a sense of achievement. All these learning benefits from the simple act of colouring in.

Tiny kites of AVN actively participated in colouring activities, and created wonderful combinations and presented their colouring skills.

## Grade II

**Subject:- English**

**Name of the Activity:- Speaking and Writing Skill Activity**

**Learning objectives:-**

- ☑ To improve the speaking skills of the children
- ☑ To explore and learn from the environment.
- ☑ To learn to be more creative and develop their non-verbal skills.

**Activity : Write 5 lines on 'My Family'**

The children were asked to describe their family in their own words and later they were told to write 5 lines on the topic 'My Family'

The children demonstrated immense enthusiasm and were able to tell about their family in their own words.

**Subject: EVS**

**ACTIVITY - Family tree model**

---

Family is very important to all of us and to understand each and every family member of our family children made an artificial family tree model.

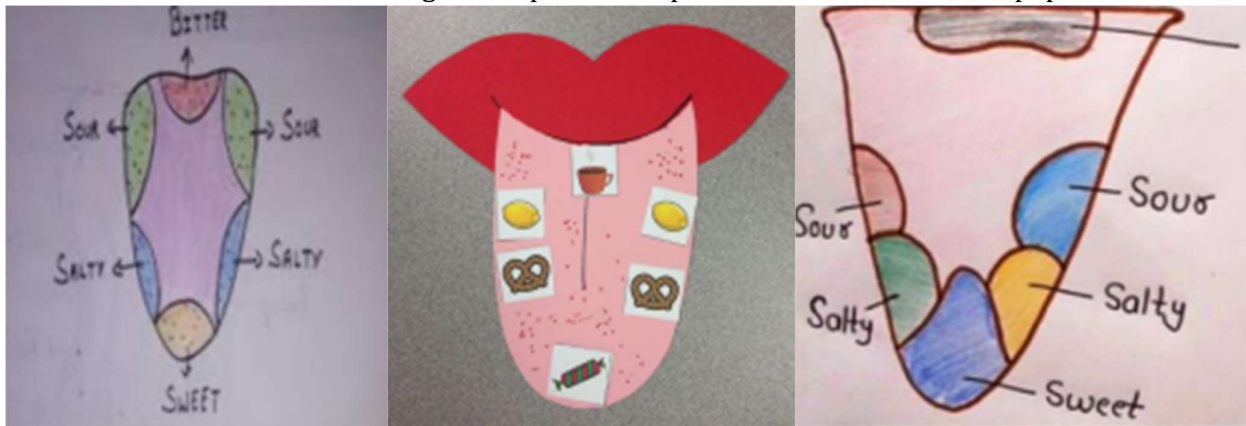

**Subject: EVS**

**ACTIVITY - Know your 5 senses.**

---

Our body is very clever – It is always working hard to help you learn about the things around you. To learn about these senses' students did many activities. They learned about the different tastes we can sense with our tongue and pasted the pictures of same in a chart paper.

## Grade IV

### Subject: Social studies

---

#### ACTIVITY-

Students of Grade 4B learnt about states and its capital. Students took A4 sheet papers and cut it into strips and then strips are folded into half .one half is pasted in the book so that the other half can be opened and closed on

one half the capital it will be written and on other state will be mentioned.

## Grade V

**Subject: Science**

### **ACTIVITY- Science Lab Activity**

---

Students went to science lab to explore what are solutions and mixtures. Teacher showed them how to make sugar solution and what are the components of solution. She explained them, in this solution sugar is a solute and water is a solvent. Teacher made a mixture with water and sand in a glass and explained the difference between solution and mixture. She explained them the separation methods like hand picking, sieving, filtration and evaporation. Students explore the filtration method for separating sand and water mixture using filter paper. The learning outcome of this activity was that students will understand how a solution looks, what are its components. They will understand the difference between solution and mixture. Students will be able to use separation methods to separate mixtures in their daily life .

## Grade VI

**Subject: Science**

### **ACTIVITY- Writing and speaking activity on Components of food.**

---

Students of grade 6 A & B have written about topic components of food. In their project they have written what are the nutrients present in food like Carbohydrate, Fats, Proteins, Vitamins and minerals. They wrote about role of these nutrients in our body and their sources. They drew food pyramid and wrote about that. In class, they gave a presentation of their project. The learning outcome of this activity is that with this presentation student will know the components of food,

sources of these nutrients and their usefulness in our body. In their daily routine they will make sure to add all the nutrients in their diet. Students will understand the benefits of eating balanced diet.

## Grade-IX

### Subject: Telugu

Students of grade-9 have researched about the prime ministers and gave a brief overview about it!. The students have learned about the prime ministers over time and gained information about them. This helped the students to know about our prime ministers and what they have done to contribute to our country.

## General Events

### Sandwich making competition:

AVN Vida's school cafeteria was filled with the aroma of fresh bread, veggies, cheese and sauce when around 200 students of class level 3-10 participated in the 'inter school sandwich making competition' on 18<sup>th</sup> and 19<sup>th</sup> of April and learnt to be innovative, creative and independent. The judges were impressed not only by the creations of the students but also catchy names which the children had given to their sandwiches like "Christmas sandwich".

"Rocket blast sandwich", "bunny the bun", "owl in the starry night" among others.

### Grade 10 Farewell

A memorable farewell party was hosted by the students of grade -9 to the on going batch of grade -10 which was held on 13<sup>th</sup> April 2022. Students captured and expressed all the mixed emotions in words, music, dance and lots of masti! Farewell to the most amazing class ever. This school will always miss you so dearly. May you be victorious in all spheres of your life! Everyone will always remember you. Happy farewell!- students of AVN vida.

### Oratory Club

#### Grade: III to V

AVN Vida International School, Hyderabad introduced several interesting Clubs in the month of April, for the new academic year session of 2022-23, to help students shape their personal interests and hobbies and also improve their leadership and social skills. One of the clubs introduced was the 'Oratory Club'

The 'Oratory Club' will be emphasising on, to develop public speaking skills, confidence and the unique talents of the participating students from grades III to V. The club will be focusing on the improvement of communicative ability and build confidence around the people automatically and makes them more comfortable around other people.
